Attached are recent documents from the NRC electronic hearing docket.

In the Aug 30, 2018 Order, the Commission invited the parties to provide views on how the agency should respond to the court's remand to ensure consistency with the court's opinion going forward. The parties' views were due September 24, 2018. The parties' responses to these views are due by October 19, 2018.

I attached the views from the four parties.

In Sept 19, 2018 Order, the Commission denied Powertech's request that the Commission take judicial notice of summary disposition proceedings before the Atomic Safety and Licensing Board and delay deadlines in the Aug 30, 2018 Order.
